A short time ago several men living on the Government land east of Riverside associated themselves together for the purpose of testing whether surface water could be obtained on the mesa at a reasonable depth. They immediately constructed improved digging apparatus of their own invention and commenced work on the eighty acre tract occupied by Mr. James Patton. They are now down about seventy feet and have sunk the curbing as fast as they dug. The digging has been very easy and the intention is to go 125 feet, if water is not reached before that depth. If successful, a number of other wells will be dug.

A disgraceful case was brought to light in Justice Gray's Court yesterday, which deserves the most rigorous treatment from the law. A Mrs. Somerset filed a complaint against her own son, a lad about eighteen years of age, charging that he frequently beat and abused her in a most shameful manner, and by this means compelled her to furnish him money to be spent in dissipation. He had even knocked her down and forcibly taken the money from her on one or two occasions. The lady exhibited bumps and bruises on her face and arms as evidence of the statement. Mrs. Somerset is a poor and hard-working woman, who keeps a small boarding house and does washing for a living. The conduct of her son is most unnatural and cruel, and should be punished. The officers are now looking for the offender.

CITY COUNCIL PROCEEDINGS.

The Council met in regular session, Mayor Beaudry in the chair.
Present—Councilmen Waldron, Kuhnrt, Teed, Sotelo, Gerkens, Leahy, Huber, Workman, Mullally and Campbell.
Minutes of previous meeting read and approved.

The Mayor presented a communication calling the attention of the Council to the misuse of water by owners of the Felis ranch and suggesting that the City Attorney be requested to submit his opinion as to the rights of the city in the premises. He had forwarded resolutions of the Council relative to patent of city lands to the General Land Office and to the Secretary of the Interior in accordance with instructions.

He recommended that the chain gang be employed in raising an embankment along the south line of the river as a protection from future overflows.

The Mayor submitted a copy of his protest and communication to Hon. Z. Chandler, Secretary of the Interior, as also that to the General Land Office. The communication was ordered spread upon the minutes.

The question of the use of water by proprietors of Felis ranch was referred to the Committee on Zanja and City Attorney.

The recommendation for embankment along the river was referred to the City Surveyor for plans.

A petition was presented by the Collection Committee of the Fourth of July celebration asking that a donation be made by the city towards the expenses of celebrating.

Mr. Gerkens moved that three warrants on the Cash Fund for the aggregate sum of \$500 be issued in favor of the committee payable four months after July 4th.

The motion was passed with one dissenting vote.

The City Judge reported the collection of \$85 for fines during the week.

The Zanjero reported repairs on tomas and zanja and asked an appropriation of \$50. Report filed and appropriation granted.

The Committee on Zanja reported adversely on petition of Mrs. Williams for changing line of Zanja. Report approved.

The Board of Public Works reported adversely on petition for a bridge across arroyos on extension of Temple street. Report adopted.

The City Surveyor asked for instructions concerning assessments on San Fernando street. Referred to Board of Public Works and City Attorney.

The Finance Committee reported favorably on the bill of Commissioners for widening of McDougal street, amounting to \$40. Laid on the table.

A resolution of the Board of Health Officer at \$75 per month for three months, was submitted and approved.

The Health Officer submitted a lengthy report, recommending removal of the pest house. Referred to the Board of Health.

An ordinance providing for the collection of personal tax at the time of assessment, was submitted and approved.

The Marshal was instructed to make a weekly report of parties refusing to pay license.

Petition of B. Robinson for bridge across Zanja was referred to Board of Public Works.

Petition of A. R. Loomis for return of \$24.89 paid for tax deed, which deed was erroneous and invalid, referred to Committee on Finance.

Petition of P. Cassidy for permission to remove gravel from Rock street received.

Similar petitions were presented by F. Miller, J. W. Haverstick and others. All of said petitions were referred to the Board of Public Works.

Petition of Apablaza to connect with Bath street sewer granted under rules.

Petition of Haverstick and others for modification of grade of Spring street, between sixth and seventh, referred to Board of Public Works and City Surveyor.

Application of Joaquin Villalobos for translation of city resolutions and ordinances into Spanish referred to Committee on Finance.

Petition of J. H. Easton for deed referred to Committee on Lands.

Complaints were made that the trees in the plazas were not irrigated, and the subject was referred to the Committee on Parks, with executive power.

Petition of Ramon Valenzuela for deed referred to Committee on Lands.

Mr. Gerkens moved that a notice of the appointment of Dr. McKee as Health Officer, with location of office, duties, powers, etc., be published in La Cornica. Carried.

Adjourned.

Grand Jury Report.

The Grand Jury came into court at half past three yesterday afternoon and presented their report, as follows:

We have found true bills of indictment in eleven cases and have ignored bills in eight cases.

We have recommended two cases to the next Grand Jury for want of witnesses.

We have also duly inspected the county hospital and jail.
At the hospital we find there are at this date 45 patients, and we report, with pleasure, the whole establishment in a most neat and cleanly condition.

As to the jail, we find it kept in as good a condition as the character and capacity of the buildings will allow. At this date the jail contains 45 prisoners. We find therein one prisoner, named Michael Brushey, whom we believe to be insane, and recommend an examination of his case immediately.

We strongly recommend the building of a new jail, as we consider the present one entirely unfit for the purposes for which it is used.

In concluding this report we cannot say too much in praise of our Sheriff and District Attorney, as it is owing to their prompt and efficient services that we are able to report our duties finished several days sooner than we expected.

Most respectfully submitted.
T. E. ROWAN, Foreman.

Anaheim Gazette: Quite a curiosity was to be seen at the garden of Mr. Langenberger yesterday. An American also, rearing its tall shaft of flowers half fifty feet in the air had for a companion a little shoot about eight feet high, growing from the same root, also putting forth buds and flowers. It reminded us of the little plant which always accompanies the immense deep water shark. The sight is all the more novel when the fact is considered that the aloes bloom only once in about ten years.

A Card.

In the local columns of the HERALD of the 20th I noticed a small item about a Mexican attempting to get into the car chartered exclusively for the Turners. The undersigned is the Mexican who tried and did get into the car and came into town, and was not left behind as the paragraph incorrectly stated. Being entirely ignorant that the car was thus chartered by the Turners, and having a young lady under my charge, in the rush to come away I wished to have her seated as comfortably as possible, and acted as politely as I should to all, when I was pushed and attacked by four or five parties, including the Constable of Santa Monica, and struck by Tony Faber in the struggle against one man. I do not call this manhood or bravery, and I demand satisfaction from Tony Faber if he is a gentleman.

FRANCISCO ALVARADO,
The Mexican.

Gleanings.

[From the Evening Republican.]

The appeal papers in the Board of Public Works case are made out.

Mr. L. Roeder has purchased a lot on the hill of Mr. L. W. Putts. He showed his good judgment.

San Francisco Markets.

SAN FRANCISCO, June 22.
FLOUR—Best extras jobbing at \$5.25 to 5.75, and shipping lots, \$5.00 to 5.50; superfine, \$4.00 to 4.75.
WHEAT—The new crop is commencing to arrive in considerable quantities, while but little old shows on exchange. The Liverpool market has fallen from 1 to 2 cents on Club and average. The local market for new is dull at \$1.80 for spot, and \$1.55 to 1.57 for July and August delivery; good to choice old at \$1.81 to \$1.85; new, 45 sacks new San Fernando, Sonora, at \$1.50. The recent sales of new shipping include 20,000 cents at \$1.55 for new, 45 sacks new, the former at Oakland wharf and the latter at Vallejo.
BARLEY—Offerings continue large and are in excess of the demand of local market, and prices fair for the buyers. New quoted at \$5 to \$6; old, \$4 to \$5; brewing, \$1.50 to \$1.75.
OATS—The plethora of barley affects the demand for Oats, which are quotable at \$1.30 to \$2.20.
CORN—Receipts for the week 4,000 sacks. The market is weak; several lots of choice in warehouse, a rise; large yellow at \$1.10 to \$1.15; small round, \$1.00 to \$1.25; sales of 225 sacks good large yellow at \$1.15—half silver.
RICE—New is coming on the market and prices have declined. Sales of 536 sacks new at auction at \$2.50, silver.
BEANS—25c per lb. for large parcels.
TALLOW—6 to 7c per lb.
HIDES—Best well supplied; dry hides, 11 to 12c; culled and trimmed, wet and salted, 5c to 6c; dry kip and calf, 5 to 6c per lb.
WOOL—The market shows less interest, as the greater part of the fine grades have been nearly all taken and the bulk of the stock on hand is of the poorer grades. The receipts for two weeks have been about 4,000 bales, and the sales have been 700,000 lbs, chiefly Scotch. Extra fine lots of choice, 15 to 20c; inferior, 10 to 15c; heavy and slightly burred, 10 to 15c; southern, 9 to 10c, as to quality and condition.

Clothes for the Heavens.

About a year ago, the ladies of a certain Dorcas Society made up a large quantity of shirts, trousers and socks, and boxed them up and sent them to a missionary station on the West Coast of Africa. A man named Ridley went out with the boxes, and stayed several months. When he returned the Dorcas Society, of course, was anxious to hear how his donation was received, and Ridley one evening met the members and told them about it in a little speech.

"Well, you know, we got the clothes out there all right, and after a while we distributed them among the natives in the neighborhood. We thought maybe it would attract them to the mission, but it didn't, and after some time had elapsed and not a native came to church with those clothes on, I went out on an exploring expedition to find out about it. It seemed that on the first day after the goods were distributed one of the chiefs attempted to mount a shirt. He didn't exactly understand it, and he put his legs under the arms and gathered the tail up around his waist. He couldn't make it stay up, however, and they say he went around inquiring in his native tongue what kind of an idiot it was that constructed a garment that wouldn't hang on in the manner of the most awful heathen oaths. At last he let it drag, and that night he got his legs tangled in it somehow, and fell over a precipice and was killed."

Another chief who got one properly went paddling around in the ark, and the people, imagining that he was a ghost, sacrificed four babies to keep off the evil spirit.

And then, you know, those trousers you sent out? Well, they fitted one pair on an idol and then stuffed most of the rest with leaves and set them up as a kind of a new-fangled idol and began to worship them. They say the service was very impressive. Some of the women split a few pairs in half and after sewing up the legs, used them to carry yams in, and I saw one Chief with a corollary leg on his head as a kind of helmet.

I think, though, the socks were the most popular. All the fighting men wore them the first thing. They filled them with sand and used them for war clubs. I learned that they were so well pleased with the socks that they made a raid on a neighboring tribe on purpose to try them, and they say they knocked about eighty women and children on the head before they came home. They asked me if I wouldn't speak to you and get you to send out a few more, and to me, then, little stronger's they'll last longer, and I said I would.

This Society's doing a power of good to those heathen, and I've no doubt if you keep right along with the work you will inaugurate a general war all over the continent of Africa, and give everybody an idol of his own. All they want is enough socks and trousers! I'll take them when I go out again."

Then the Dorcas passed a resolution declaring that it would perhaps be better to let the heathen go naked and give the clothes to the poor at home. Maybe that is the better way.

San Bernardino Items.

[From the Argus of the 20th.] We hear it stated that a change has been made in the poetical genius for the Centennial Fourth, Mr. George Otis being substituted in place of A. Kearney.

More murders are occurring in our county at the present time than have taken place for years. Crime seems to walk supreme, and although our courts are quick to punish, little fear is held. If one man insults another, or makes a motion as if to draw a deadly weapon, he is held justified to take the other man's life.

The man who was shot in San Geronimo, on Sunday last, was brought into town early yesterday morning and deposited on the middle of the sidewalk in front of the Court House, and allowed to remain there with only a blanket over him until 3 o'clock in the afternoon, his body was in the broiling rays of a summer's sun, with no one in charge to look after the corpse. If we live in a civilized community we would like to know it. Where rests the blame? A nice example we set to our children!

When we see a great big double-fluted, double-jointed six-footer hunting for bugs and ants, we always think there is something fishy in his upper story. That occupation should be strictly reserved for weakly persons who need out-door exercise. But these robust persons ought to follow the plow or handle the sledge hammer.

The Disunited and Loped-eared Horrible Order of the Antediluvian Calithumpians will hold their first disturbance in the rear of the China wash house not long ago. The disgraced public are requested to listen and be happy. Recruits can register their names at the boot blacking establishment of Dr. Edward E. Carter, in rear of the horse stable on the other side of the way. Don't it?

On Sunday an Indian, after being supplied with fire-water by some sneak thief, concluded that he would have a jollification, and began by running his horse full speed through town. An officer gave him chase down Salt Lake street. While the horse was in motion the Indian threw himself upon the ground and a lively foot race ensued, which resulted in the capture and caging of Mr. Big Injin.

ALFRED ROBINSON, Trustee,
542 Market Street, San Francisco, Cal.

90,000 ACRES OF LAND FOR sale, in lots to suit, suitable for the culture of Oranges, Lemons, Limes, Figs, Almonds, Walnuts, Peaches, Apples, Pears, Alfalfa, Corn, Rye, Barley, Flax, Ramie, Cotton, etc., and also many thousand acres of

Natural Evergreen Pastures, Suitable for Dairying.

Good water is abundant at an average depth of six feet from the surface. On almost every acre of this land FLOWING ARTESIAN WELLS can be obtained, and the more elevated portions can be irrigated by the water of the Santa Ana River. Most of these lands are naturally moist, requiring only good cultivation to produce crops.

TERMS—One-fourth Cash; balance in one, two and three years, with 10 per cent interest.

I will take pleasure in showing these lands to parties seeking land, who are invited to come and see this extensive tract before purchasing elsewhere.

REASONS WHY

REMINGTON FAMILY SEWING MACHINES

Are Superior to All Others.

FIRST—THEIR SIMPLICITY.

The use of them varies easily and requires no skill or ordinary intelligence is capable of keeping them in order.

SECOND—THE CONSTRUCTION

of the Machine is such that it may be run at a higher rate of speed than any shuttle Machine now in the market. In factories where the rate of speed has been registered, over

1,000 stitches per minute have been attained with ease.

THIRD—THEIR DURABILITY

as being so strong in all their parts and fitted with great mechanical nicety, and being free from the harsh, jarring movements and friction so common in inferior machines they will wear a long time without repair of any kind.

FOURTH—THEIR ADAPTABILITY.

By a simple change of the needle and thread they will sew the finest cambric or the heaviest leather.

FIFTH—THEY HAVE NO ROTARY CAMS, COIL-WHEELS or levers to make a noise, run hard, or to get out of order.

SIXTH—THEY HAVE AN ADJUSTABLE Feed which may be raised or lowered at pleasure.

SEVENTH—ALL THEIR MOVEMENTS

are positive and they cannot be thrown out of time.

Manufactured by the Largest Manufacturing company in America, possessing a world-wide reputation in the manufacture of their firearms, they afford a guarantee of perfection in work and construction.

No other sewing machine has ever been introduced so quickly and met with such rapid sale as the

REMINGTON

It arouses the jealousy, opposition and persistent misrepresentation of the older Sewing Machine Companies through their agents, and even the old Singer Company, through its agents, devotes the largest part of its advertisements to show that it is not an improved Singer, and that its calculations are upon false basis.

"With malice toward none and charity for all," it will be the aim of the agent of the

Remington Sewing Machine

to afford to all an opportunity of testing merits with those of any other, and let them make their own selection.
